

STATUS REPORT

April 22, 2006

I am almost done. I just have two presentations to make –

1. Chapter 5 (Summary & Conclusions) that will take place on Thursday, April 27th at 4:30 PM in room 386 of the T2 Technology Building at the main campus of the University of Houston.
2. My final presentation to the project committee. This will be a full presentation of my entire project research & paper – introduction, literature review, methodology, execution & analysis, and summary & conclusions. This will be the long presentation (estimate is 45 minutes) and will take place on Thursday, May 4th at 4:30 PM in room 386 of the T2 Technology Building at the main campus of the University of Houston.

I am still collected data from my field experiments, but that is also almost completed. I just need a few more test users.
